**Spring Break Mission Trip
for Habitat for Humanity**

This spring break Bobby Davis, a student at Mansfield University, will be joining a small team of students who will be going to Tuscaloosa, Alabama to help people in need. Last Spring, devastating tornadoes destroyed some of the poorest sections of the city and many homes remain in ruins. While in Tuscaloosa, the students will be working with Habitat for Humanity to build a home. The house will be called "the college house" as it will be built entirely by the donations and efforts of college students devoting their free time to help these people. The students will be housed at a local church, Trinity Presbyterian, and the church has decided to take care of the college students needs, such as housing and food, while they are there. Each student has been asked to bring a donation of \$250 to go entirely to the costs of building the college house.

Bobby is seeking some support for his own personal donation as well as any additional donations that could go towards the house. Any and all donations will go towards the house, and not his personal expenses. If you would like to help Bobby and the Habitat for Humanity project, please make your donation out to United Methodist Church of Wellsboro (UMCoW), and indicate that it is for Bobby Davis' Mission Trip.
